Important Tips for Using Films on Demand:

Go to the Films on Demand Homepage. (From the main WKCTC website, click on Faculty & Staff, then Library, Find Resources, and select Films on Demand from the Databases A-Z drop-down menu).

Creating/logging into a Films on Demand account:

1. Click “My Films” in the upper right-hand corner of the screen. From here you can sign in using your username and password, or select “Create an Account.”
2. To create an account, fill in the required user information and select “Create Account” at the bottom of the screen.
3. Once you have an account and are signed in, your name will be listed in the upper right corner of the page. There, you can click the drop-down arrow and select “My Films” to create Playlists, folders, Favorites, and other items.

Creating Favorites and Playlists (NOTE: You must create an account and be signed in to utilize these):

1. When you are viewing a video, Click “Add to” underneath it if you want to save it for future. This will pull up a box that gives you options to add this video to your Favorites, Playlists, or an existing or new folder.
2. To see your Favorites, from the drop-down menu in the upper right-hand corner of the screen, choose “My Films,” then “My Favorites” (or “My Playlists,” “My Folders,” etc.).

Adding Videos in Blackboard:

Linking:

1. Underneath the video, click “Embed/Link.” You will see a box that says “Record URL.”
2. Highlight and copy the Record URL, or click “Copy” at the right of the Record URL box. Within Blackboard, add a web link in your course. When the new screen comes up, name the link, then paste the URL that you just copied from Films on Demand. Set the link to open in a new window. Hit submit.

Embedding:

1. To embed a video in Blackboard: Click on the video you want to use. Click “Embed/Link” underneath the video. Highlight and copy the code provided next to Embed Code.
2. Once in your Blackboard course shell, create a course item. Name the item, then click the HTML icon on the tool bar. Paste the copied embed code and click Update, then Submit. For optimal viewing, please try viewing in Google Chrome or Mozilla Firefox.
